FIRSTNET APPS & SOLUTIONS

- Catalog combines the benefits of public and private app stores
- A single view of all apps in program that have been certified & reviewed
- Solutions & services available under the FirstNet Program
- Administrative app distribution tools /integration with EMM/MDM
- Ratings and peer reviews

The screenshot displays the FirstNet App Catalog interface. At the top, the header reads "FirstNet App Catalog" with a logo. Below the header is a banner image of emergency responders with the text "Fast. Reliable. Highly Secure." and a sub-headline: "Apps that provide the information you need so you can focus on what matters: helping to keep people safe." Below the banner is a search bar labeled "SEARCH". Underneath the search bar are filter options: "Branch/Discipline" (set to "All Branches/Disciplines"), "Category" (set to "All Categories"), and "Platform" (with buttons for "iOS" and "ANDROID"). The main content area shows a grid of app cards, each with a "FirstNet Certified" badge. The visible cards are: "Fleet Complete Mo..." by Fleet Complete, Inc. (iOS, No Reviews); "IBM MaaS360" by IBM (iOS, No Reviews); "HAAS Alert" by HAAS, Inc. (iOS, No Reviews); and "Mobile@Work" by MobileIron (iOS, No Reviews).

FIRSTNET APPS & SOLUTIONS

Agency administrators can select any app tile to learn more about apps in the catalog, including :

- **Header** – contains app icon, title, firm, FirstNet certification status, number of reviews, version, release date, platform, and current administrator selections
- **Images** – developer selected images – typically app screen shots
- **Description** – a developer crafted description of the app
- **What's New** – notes from the developer about upcoming or recent release fixes
- **Ratings** – an aggregate rating score with number of review submission for each score. (1-5)
- **About Developer** – a short overview of the developer and or development firm
- **Developer Website** – a button that links users to the provided developer website.

CERTIFICATION & REVIEW OVERVIEW

App Control

- Developers can submit apps for **certification & review**
- Manage and update apps
